

Inter-Row Hoe In-Field Demo

With Daniel & David Lievesley DJL Agriculture

On Monday 4th April 2022

Location: Milton Road, between the villages of Milton and Repton, please look out for parking signs (see map overleaf)

4.00 pm start, refreshments at 5.30pm

Come along to this event to:

- See the inter-row hoe in action, and broadcasting 3 different clover blends into a standing crop of wheat
- Learn about the benefits of reduced tillage and how to take the first steps
- Hear about how to improve soil health and what you can gain from this
- Understand how to replace fungicides and insecticides with biology and natural predators, whilst maintaining balanced nutrition
- See how reduced inputs can improve gross margins

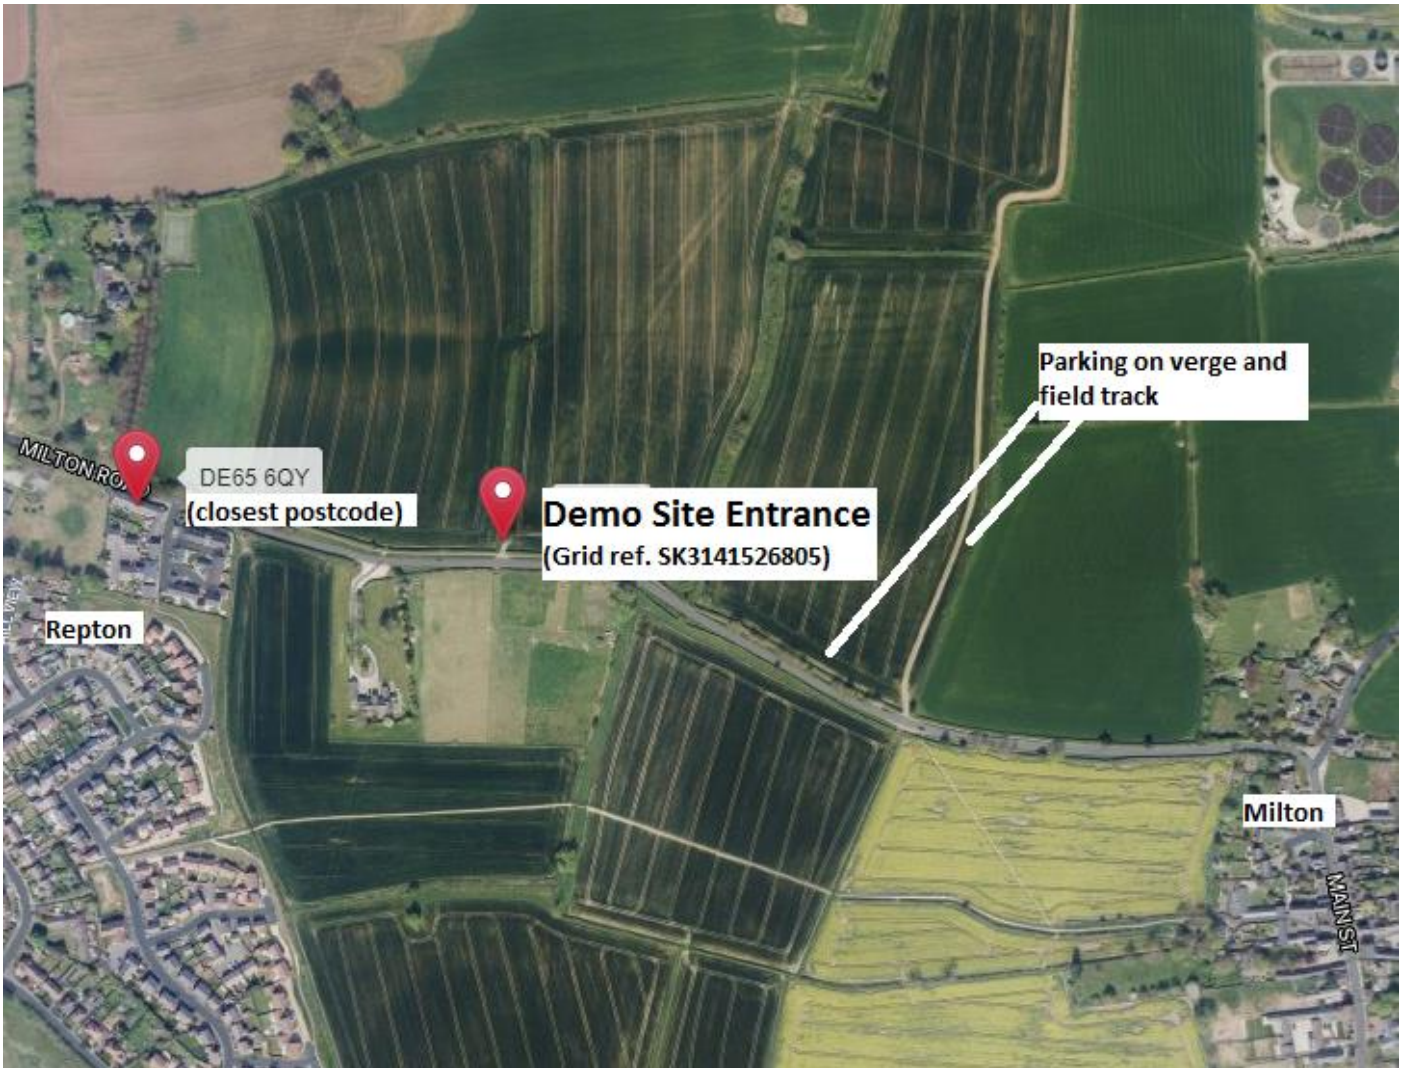

To book your free place please call Louise Pymm on 07825 556404 or email louise@trentriverstrust.org

Refreshments will be provided - please advise of any dietary requirements.

Parking will be in-field but please car share where possible.

Demonstration will involve a field walk on uneven ground.

BASIS & NRoSO points have been applied for.

Trent Rivers Trust - "Preserving, Protecting & Enhancing Biodiversity and our River Heritage.

Encouraging sustainable approaches to urban and rural land management to improve the aquatic environment. Our vision is for the River Trent and its tributaries to be rich in wildlife habitats, landscape and

historic features for the benefit of all, both now and in the future."
